

Odysee™

INSULATING BLINDS

With over 800 color options!

Odysee™ Insulating Blinds... See the beauty. Feel the comfort. Experience it all with the world's only insulating blind.

- Innovative, fully functional vanes maximize energy efficiency performance
- Convenient operation of a blind with the soft fabric look of a shade
- Vanes expand into to 1" cells, which help block drafts at the source for year round comfort
- Vanes compress to offer a clear outdoor view - even while the blind is lowered
- Light filtering or room darkening fabrics
- White to the outside for uniform exterior appearance
- Color coordinated standard hardware or continuous cord loop system
- Start selling with the **Odysee Standard Collection Sample Book** featuring 16 light filtering and 16 room darkening colors.
- Express yourself in color with your **Personal Color System Sample Book!** Select from 800 colors available in both light filtering and room darkening fabrics.
- Create your own **Limited Edition Collection** by choosing up to 24 additional colors from the Personal Color System Sample Book. Comfortex will create Limited Edition Sample Cards with your own color names and a Limited Edition Photo Card personalized with your company name and logo.
- Limited Lifetime Warranty

The World's Only Insulating Blind

The Odysee ADVANTAGE

No wood blind can compare to Odysee Insulating Blinds. Odysee Insulating Blinds offer superior benefits and greater versatility than traditional wood blinds. With its one-of-a-kind styling and innovative insulating design, you'll find that Odysee surpasses one of the most popular, time honored window fashions. That's the Odysee Advantage.
